## BE&K Building Group Celebrates Green Impact Week, Shares "Making a Difference" Tips for Everyday Living

The BE&K Building Group joined its parent company KBR as a participant in Green IMPACT Week, which concluded on Friday, June 5 with the celebration of World Environment Day. Suggestions for ways in which individuals can make a difference were shared with employees via e-mail throughout the week.

**Waste and Recycling** — Recycle at least one thing today instead of throwing it in the trash. (It can't get much easier than that!)

**Energy Efficiency** — Turn off your computer monitor at the end of the workday and unplug your cell phone charger when not in use. This will save the "vampire" energy that is still being drawn from these electronics even when they are not in use.

**Water Resources** — When you brush your teeth, turn the water off when not in use! If you feel like going one extra step, fill a plastic soda bottle with pennies and place it in the tank of your toilet (a brick works also!) This action will displace the water level and use less water each time you flush!

**Nature Conservation and Biodiversity** — Change your computer preferences to print double-sided ("Duplex: Open to Left") and set it to print to Black and White.

---

**About the BE&K Building Group** — The BE&K Building Group is a leading construction services firm with an established track record for serving commercial, healthcare, industrial, and institutional clients throughout the Southeast, Mid-Atlantic and South Central regions. Based in Charlotte, North Carolina, the BE&K Building Group has commercial operations in eight locations: Atlanta; Birmingham; Charlotte; Greenville (SC); Houston; Nashville; Orlando; Raleigh; and Washington, D.C. The BE&K Building Group is part of KBR, a leading U.S. based engineering, construction and services company. The merger of our parent, BE&K, Inc., with KBR in 2008 brought the BE&K Building Group even more financial and personnel resources as well as expanded geographic coverage. The BE&K Building Group is the exclusive commercial construction arm of KBR's business.
