## Recent Project Win! \$64 Million Design-Build Contract For Transformer Manufacturing Facility Near Savannah

The BE&K Building Group has been awarded a \$64 million design-build contract by EFACEC Power Transformers, Inc. for a power transformer manufacturing facility at Effingham Industrial Development Authority's Industrial Park in Rincon, Georgia, located just north of Savannah. This new client for our firm is an affiliate of Portuguese based EFACEC Group (EFACEC), the largest Portuguese company in the field of electro-mechanics and electronics.

Our firm's Greenville office is responsible for the design and construction of EFACEC's new manufacturing facility, which will be used to build power transformers, including core form, shell form and mobile power substations for the U.S. market. Work on the project began in July 2008. The anticipated completion date is August 2009.

---

**About the BE&K Building Group** —The BE&K Building Group, based in Charlotte, North Carolina, is a prominent construction services firm with an established track record for serving commercial, healthcare, industrial, and institutional clients throughout the Southeast, Mid-Atlantic and South Central regions.
