BE&K Building Group's Orlando Office Receives President's Award for Exemplary Safety Efforts NASCAR/ISC/Grand Am Headquarters Project Team Praised for Performance

The BE&K Building Group recently celebrated its excellent safety record on the \$33.5 million NASCAR/International Speedway Corporation (ISC)/Grand Am Corporate Headquarters project under construction in Daytona Beach, Florida. The festivities centered on recognizing the more than 200 workers responsible for creating and maintaining a safe working environment during the 13 months since groundbreaking. The event was well-attended attended by our employees, subcontractor crews, NASCAR executives, the developer and local officials. The highlight came when David Zimmerman from our parent company presented KBR's *President's Award* to senior project manager, Wes Collier. The 220,000-square-foot NASCAR/ISC/ Grand Am headquarters is part of the first-phase of Daytona Live! — a mixed-use complex being developed by The Cordish Company with plans for retail, dining and entertainment components.

The BE&K Building Group's Jake Lewis, Health Safety and Environment (HSE) manager, noted. "The Daytona Live project team has set an example for all of us that when safety is a core value, it is possible to work injury free. The team has consistently performed above industry standards." The NASCAR/ISC/Grand Am Corporate Headquarters, scheduled for completion in October 2009, is registered with the U.S. Green Building Council for LEED® Gold-level certification.

About the BE&K Building Group — The BE&K Building Group, based in Charlotte, North Carolina, is a prominent construction services firm with an established track record for serving commercial, healthcare, industrial, and institutional clients throughout the Southeast, Mid-Atlantic and South Central regions. The BE&K Building Group, which has operations in eight locations, is the exclusive commercial construction arm of KBR, a leading U.S. based engineering, construction and services company.
